SELLING 238 BULLS & 200 COMMERCIAL HEIFERS

38 Two Year Olds • 50 Falls • 150 Yearlings

TWO LEGACIES.
ONE STANDARD

TWO LEGACIES. ONE STANDARD

Dear Friends,

We hope this finds you well and having a prosperous year. It's been 52 years since our first bull sale in Sturgis, and now, three sales into our partnership with Rooney Angus, we're proud to carry forward two legacies with one shared standard: top-notch cattle and honest service.

It's a great time to be in the cattle business! Thanks to timely rains across the Northwest, our pastures have stayed greener and our feed commodities have increased. We are seeing record cattle prices due to the national cow herd being low and the high demand for quality beef. With that said, we believe the road ahead is promising for the cattle industry.

Our sale bulls have been fed in White Sulphur Springs at Rooney Angus' new bull development center. The aged bulls have been growing slow and steady. They are sound, strong and ready to work. The yearling bulls are doing what we have bred them to do and have shown their capacity for growth. Their feet have held up in rocky terrain.

This year we have an exciting line up of bulls, some you are familiar with like Armstrong and Wrangler. Wrangler brings calving ease and vigor while Armstrong adds growth backed by Chisum genetics. Jameson is a high growth bull with great feet and carcass traits. Connealy Commerce is a calving ease bull with outstanding growth. Congress has great feet, outstanding growth, and built for high altitude. This year we are offering 38 2-year old bulls, 50 18-month old bulls, and 150 yearling bulls.

As in the past, the bulls will be wintered, semen tested, and delivered at no charge in the spring. No matter what you are looking for—growth, maternal, carcass traits, or calving ease, this sale will have what you need.

Our heifer offering is the best we've ever put together—hand-selected from our registered herd, South Dakota commercial herd, and a customer rich in Green Mountain genetics. Al'd to top calving ease sires, DBA Authority 3122 and MRA Advocate 9035, and sorted into tight calving windows, these girls are good enough to throw in any herd and raise the kind of calves you'll be proud of.

We would like to thank you for considering us and letting us be a part of your program. We will continue to use all the available tools that are out there to produce the type of cattle that meet and exceed your expectations.

We invite you to visit our websites at www.rooneyangus.com and www.greenmountainangus.com

Give us a call with any questions—we'd love to help you find the right fit for your herd.

See you at the sale on November 10th,

Tim & Kris Todd Family and Steve & Karen Rooney Family

Steve & Karen Rooney and Family

Tim & Kris Todd and Family

ANNUAL PRODUCTION BULL SALE MONDAY, NOVEMBER 10, 2025

1:00 PM MT // PAYS, BILLINGS, MONTANA

**SELLING 238 BULLS &
220 COMMERCIAL BRED HEIFERS**

38 Two Year Olds • 50 Falls • 150 Yearlings

Sale will be broadcasted on

(866) 313-0123

AUCTIONEER: Roger Jacobs

REPRESENTATIVES:

Kurt Kangas.....American Angus Assn & Angus Journal
John Goggins.....Western Ag Reporter
Kevin Murnin.....Western Livestock Journal
Don Ravellette.....RPI Promotions
Jaramie McLean.....Tri-State Livestock News

DELIVERY

Free delivery on all bulls. We will try to deliver cattle to your ranch. In cases of inclement weather conditions, we would request that you meet us at a suitable place for both parties. Please leave your complete mailing address, phone number and directions to you ranch.

INSPECTION OF CATTLE

Cattle will be available for viewing on Saturday, Nov. 8th at the Public Auction Yards.

HEALTH

Pyramid 5 -Vision 8 Somnus & Nuplura at branding and weaning & Nasalgen & Multimin. Bulls will have 2 rounds of Fusogard before spring delivery.

LIVESTOCK MORTALITY INSURANCE

Mortality insurance will be available for your purchases at the sale

LOT NUMBERS

Lot numbers will correspond with the lot number in the catalog.
Low birth weight bulls will have white ear tags and cow bulls will have green tags.

BUYERS THAT ARE UNABLE TO ATTEND SALE

Buyers may send their bids to the field representatives or Auctioneer. Bids will be handled as if you were present.

GREEN MOUNTAIN ANGUS & ROONEY ANGUS RETAINS ONE THIRD REVENUE SHARING INTERESTS IN EACH BULL SELLING. BUYER HAS 100% POSSESSION AND 100% SALVAGE VALUE.

SALE DAY PHONE:

SALE HEADQUARTERS

Public Auction Yards
1802 Minnesota Ave
Billings, MT 59101

LUNCH

A complimentary lunch will be served at PAYS.

*FREE DELIVERY ON ALL BULLS &
FREE WINTERING ON ALL BULLS*

THE GUARANTEE

All bulls will be covered 50% by Green Mountain Angus & Rooney Angus if they are injured during their first breeding season and unable to return to service during that first breeding season. Breeding season is defined as the 90-day period following the first turnout of the bulls. If a replacement bull is available, he will be provided, or if a buyer prefers credit towards a bull in the following year's sale, 50% of the value of the injured bull, minus one-half salvage value will be given as credit. All injured bulls must be diagnosed by a veterinarian. Please notify us as soon as possible should injury occur and prior to the injured bull being sold for salvage. All claims must be made by September 1st, 2026.

TERMS & CONDITIONS

This sale is being conducted under the suggested terms and conditions adopted by the American Angus Association effective March 16, 1992. Except for those stated in the terms and conditions, there are no warranties, either expressed or implied, as to merchantability or fitness for particular purpose with respect to the cattle being sold in this auction. The warranties and guarantees set forth in the "Terms and Conditions are in Lieu of all warranties, either expressed or implied and remedies provided there in shall be the sole and exclusive remedy of the buyer (or any party claiming through buyer) for all other obligations or liabilities. A copy of the Association Terms and Conditions will be available sale day for inspection.

Videos will be online at RooneyAngus.com – Also check out our facebook page

MATERNAL EPDs

Udder Suspension EPD (UDDR), expressed in units of udder suspension score, with a higher EPD indicating a sire will produce daughters with tighter udder suspension compared to that of other sires' daughters.

Functional Longevity EPD (FL), expressed in number of calves, is a predictor of the number of calves a sire's daughters are predicted to produce by 6 years of age compared to that of other sires' daughters. A higher EPD is the more favorable direction indicating more calves produced on average.

Cow Energy Value (\$EN), expressed in dollar savings per cow per year, assesses differences in cow energy requirements as an expected dollar savings difference in daughters of sires. A larger value is more favorable when comparing two animals (more dollars saved on feed energy expenses). Components for computing the cow \$EN savings difference include lactation energy requirements and energy costs associated with differences in mature cow size.

CARCASS EPDs

Carcass Weight EPD (CW), expressed in pounds is a predictor of the differences in hot carcass weight of a sire's progeny compared to progeny of other sires.

Marbling EPD (Marb), expressed as a fraction of the difference in USDA marbling score of a sire's progeny compared to progeny of other sires.

Ribeye Area EPD (RE), expressed in square inches, is a predictor of the difference in ribeye area of a sire's progeny compared to progeny of other sires.

Fat Thickness EPD (Fat), expressed in inches, is a predictor of the differences in external fat thickness at the 12th rib (as measured between the 12th and 13th ribs) of a sire's progeny compared to progeny of other sires. Group/progeny (C Grp/ Pg and U Grp/Pg) reflects the number of contemporary groups and the number of carcass and ultrasound progeny included in the analysis.

\$VALUE INDEXES

\$Value indexes, an economic selection index allows multiple change in several different traits at once pertaining to a specific breeding objective. The \$Value is an estimate of how future progeny of each sire are expected to perform, on average, compared to progeny of other sires if the sires were randomly mated to cows and if calves were exposed to the same environment.

Maternal Weaned Calf Value (\$M), an index, expressed in dollars per head, predicts profitability differences from conception to weaning with the underlying breeding objective assuming that individuals retain their own replacement females within herd and sell the rest of the cull female and all male progeny as feeder calves. The model assumes commercial producers will replace 25% of their breeding females in the first generation and 20% of their breeding females in each subsequent generation. Traits included are as follows: calving ease direct, calving ease maternal, weaning weight, milk, heifer pregnancy, docility, mature cow weight, claw set and foot angle. **Weaned Calf Value (\$W)**, an index, expressed in dollars per head, to predict profitability differences in progeny due to genetics from birth to weaning. The underlying objective being producers will retain 20% of the female progeny as replacements and sell the rest of the cull females and their male counterparts as feeder calves. Traits included are as follows (in no particular order): birth weight, weaning weight, milk, and mature cow weight.

Beef Value (\$B), a terminal index, expressed in dollars per carcass, to predict profitability differences in progeny due to genetics for postweaning and carcass traits. This terminal index assumes commercial producers wean all male and female progeny, retain ownership of these animals through the feedlot phase and market these animals on a carcass grid. Traits included in the index are as follows: yearling weight, dry-matter intake, marbling, carcass weight, ribeye area and fat.

Combined Value (\$C), an index, expressed in dollars per head, which includes all traits that make up both Maternal Weaned Calf Value (\$M) and Beef Value (\$B) with the objective that commercial producers will replace 20% of their breeding females per year with replacement heifers retained within their own herd. The remaining cull heifer and steer progeny are then assumed to be sent to the feedlot where the producers retain ownership of those cattle and sell them on a quality-based carcass merit grid. Expected progeny differences (EPDs) directly influencing a combined index: calving ease direct (CED) and maternal (CEM), weaning weight (WW), yearling weight (YW), maternal milk (Milk), heifer pregnancy (HP), docility (DOC), mature cow weight (MW), foot angle (Angle), claw set (Claw), dry matter intake (DMI), marbling (Marb), carcass weight (CW), ribeye area (RE) and fat thickness (Fat).

What a special way to start the sale off with a Crouch Congress son out of the greatest donor ever in the program-Lady Innovation 680 who has left a huge footprint on this entire program.

She had as much style and character as any angus female you've ever laid eyes on. This is also one of the highest income producing branches of the lady cow family that has gone on to produce multi million dollars' worth of cattle. Lot 1 has a very low birth weight, outstanding scrotal, excellent milk, very controlled mature height and mature weight, outstanding docility, very good foot scores, top 3% PAP, top 3% marbling with an outstanding set of dollar values.

Here is an outstanding son of Executive the \$420,000 Congress son that was the high selling bull in the nation in 2023, and if you look closely the dam is a sister to the \$10 million producing RB Lady Denver 453. This is the branch of the lady cow family that has re-written the history books for value, they've also been very heavily used in all four geographic regions in our nation and have done excellent in each region. Lot 2 is heifer safe with a double digit CED and very low BW while still having outstanding YW, very good scrotal and HP combination, very controlled mature height, very good foot scores, nice PAP, top 4% RE and 10% CW with an outstanding set of dollar values.

Here is another big rugged son of the outstanding donor Lady Innovation 680, who is that now deceased top donor in the entire program. She is always well known for excellent phenotype and genotype combination that always comes through with top-selling elite cattle. Crouch Congress has top sellers throughout our land for the past three years & they are some of the top phenotypic cattle anywhere. He has also produced Grand Champion or Reserve Grand Champion at five different national PGS shows. Lot 5 has an outstanding scrotal and HP combination, very controlled mature height and mature weight, very good fluid longevity, outstanding docility, very good foot scores, negative PAP along with outstanding dollar values.

What a chance here to buy the first Marda Great Lakes son to sell in this country and he just happens to be out of the dam that produced the \$130,000 Brumfield Trail Boss. Great Lakes was the \$80,000 high seller at the 2023 Marda bull sale. His first calf crop has been nothing short of exceptional. They are big wide topped & deep bodied power houses. Lot 6 is a heifer safe sire with a really good birth to growth spread, tremendous scrotal and HP combination, top 10% CEM, very controlled mature height and mature weight, excellent docility, negative PAP, top 5% for all three carcass traits and a tremendous set of dollar values.

Now here's a young herd sire that really gets my interest fired up. This is a son of the \$80,000 Marda Great Lakes back to the greatest donor in the program Lady Innovation 680. This one has been special since birth. Great Lakes first calf crop has been so sensational that Genex AI Stud has recently leased him. Lot 7 has top and growth with very good scrotal and HP combination, outstanding CEM, very controlled mature height, very good docility, negative PAP, all three carcass traits are in the top 15% of the breed with an outstanding set of dollar values.

This outstanding son of Executive the \$420,000 high selling bull in the industry in 2023 that traces back to the incredible Huckleberry daughter J064, who intern is widely known as one of the top phenotype females in the entire industry. She was a past \$82,000 high seller for GVC and rightfully so when you consider her outstanding phenotype, incredible udder and teat placement that is second to none. Lot 12 has outstanding growth, very good HP, excellent teat and udder scores, very controlled mature height and mature weight, very good foot scores, excellent carcass traits with a super set of dollar values.

Here's a chance to buy the big growth son out of one of the best flushes ever performed at this outfit. The combination of 680 and the great Crouch Congress was a match made in heaven. Absolutely every animal in the flush was at the very top of the herd for weaning weight. While being at the tippy top for phenotype. Lot 17 has outstanding growth, excellent scrotal, top 5% foot scores, controlled mature height, top 5% docility, negative PAP, three carcass traits in the top 15% of the breed with an outstanding set of dollar values.

Another great Crouch Congress son that brings extra power and a ton of phenotype to your program. Crouch Congress is the first bull ever to be a Triple Crown Winner in the PGS National Show with a daughter winning Grand Champion or Reserve Grand Champion at all three national shows in the same year. Crouch Congress also won the carcass contest at the National Junior Angus Show a feat that may never be repeated in one show season. Lot 16 has an outstanding birth to growth spread, very good scrotal, excellent teat and udder scores negative PAP, all three carcass traits in the top 20% of the breed with seven-dollar values in the top 10% of the breed.

Here we go again with another negative birth weight Congress son that's still has outstanding growth and all the carcass and dollar values you've grown a custom to. The greatest things from Crouch Congress are still yet to come. The females will be the true needle in the haystack. Lot 26 has a double digit CED and negative BW, outstanding growth, tremendous milk, very good fluid longevity, excellent foot scores, negative PAP, Top 15% carcass weight along with a very balanced set of dollar values.

Something really special here this son of the \$420,000 Executive traces back to the great 453 the top income producing animal ever in the history of our Angus breed. The dam 1811 was a \$200,000 seller just as recent as September 6 this year. She had two daughters both bring over \$60,000 in the same sale. Lot 31 has an excellent CED with a great birth to growth spread, very good milk, controlled mature height and mature weight, top 10%-foot scores, top 10% PAP, three carcass traits in the top 10% of the breed with an outstanding balance set of dollar values.

Take a look at this stellar Crouch Congress son that traces back to a really good Advocate daughter that goes back to Southern Charm. This one is truly a program bull meant to produce in the state of Montana. Lot 41 has very balanced birth with outstanding growth, very good HP, excellent milk, top end teat and udder scores, outstanding fluid longevity, very good foot scores, negative PAP, very balanced carcass traits with an outstanding set of dollar values.

A Rawhide son from another stalwart donor that was acquired to make progeny that excel in PAP EPDs. This bull like his sisters and progeny from multiple sires gives us performance and a useful kind with performance and low EPD as 4085 is a -1.26 PAP EPD. This donor also brings a strong carcass merit profile. This donor will be represented with progeny over next several sales from multiple sires.

Commercial Bred Heifers

220 Bred Heifers

Synchronized and AI'd to DBA Authority 3122 & MRA Advocate 9035 Ultrasounded for calving dates

This year's sale heifers look to be the best set we have ever offered. These heifers have come out of our registered herd, our South Dakota commercial herd and a group from one of our customers that are highly influenced with Green Mountain genetics.

These heifers will have a very selective sort on them and will be good enough to go into any herd. The AI'd heifers are bred to 2 of the top calving ease bulls in the breed DBA Authority 3122 & MRA Advocate 9035 and the others are cleaned up with top calving ease Green Mountain bulls. These heifers will be sold in tight calving groups ranging from the 1st week of February, a large group of March calvers, a group of April calvers and a group of May calvers. This will be a great opportunity to purchase some of our top genetics. These heifers will make a great set of cows and have a lot of future in front of them.

The heifers will be in Billings 2 weeks prior to the sale if you want to have a look at them.

Yellowstone Boys and Girls Ranch & Reach Inc.

Reach Inc.: Reach, Inc is a private, non-profit corporation located in Bozeman, Montana. In operation since 1974, Reach's mission "is to support adults with disabilities whom we serve to attain their individual goals and aspirations." Currently Reach works with about 100 people with disabilities (including Dwight & June Winchester's youngest son Clint), providing a range of supports including 24 hour residential services, supportive living programs, assisting people to gain and maintain employment and providing transportation. Reach believes that individuals with disabilities have the right to work, live and recreate in their communities. Reach is dedicated to assisting people with disabilities in becoming valued members of their community.

Yellowstone Boys and Girls Ranch: Yellowstone Boys and Girls Ranch has been helping troubled kids since 1957. Today YBGR operates a 410-acre working farm and ranch by allowing kids the opportunity to have a hands-on experience working with livestock, equestrian, welding, woodworking and small engine repair through our Vo-Ag classes.

To learn more about our Calf Roundup and Homes for Heifers Program, please contact Gary Adams at 406-855-5230.

FRONTIER LIVE SALE

This Sale will be broadcast live on **www.frontierlivesale.com**. To view a sale,

1. Create an account, if you have already done so skip to next step. To create a new account, click on the word **Registration** in the upper right hand corner. You must fill out the information requested. Then click **Create Account**. An email will be sent to your email account you provided. Please click the link in the email to activate your new account.

2. Once you click the link, your account will now be activated

3. At this point, you may click **Continue To Browse Our Site**. This will allow you to view all upcoming auctions.

4. Once you see the auction you are interested in, click **Get Approved To Bid** for absentee and live bidding.

5. Please enter your information in the form. Depending on the auctioneer, different information may be requested. Click **I agree to sale terms and conditions**. Congratulations! You are now approved for the auction. Now that you're approved you can participate in the auction and bid on its items.

6. Login on sale day with the credentials provided at registration.

Call 866-313-0123 for tech help.
