

Gold **NUGGET** Angus Female Sale IN HISTORIC DEADWOOD

WEDNESDAY **OCTOBER 21** **2026**

6:00 p.m. MT at Cadillac Jacks Gaming Resort
Deadwood, South Dakota

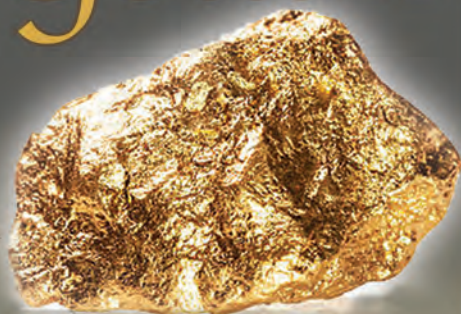

Gold NUGGET

Angus

Female Sale

IN HISTORIC DEADWOOD

Historic Deadwood, SD awaits!

We invite you to an exciting evening in Deadwood and the Third Annual Gold Nugget Angus Female Sale.

The consignors that fill the catalog pages of this outstanding offering have reached deep into their herds, and programs to bring you "The Gold." As you look through the sale book, you will see that we have presented a showcase of cattle with top performance and eye appeal in every class of cattle selling.

The offering is definitely at the top of the genetic and phenotypic pool within the Angus breed. You will be able to own bred heifers, open heifer calves, donor cows, and heifer pregnancies that are fresh and powerful. The same work has been done on a great set of embryos as well.

We will have a very relaxed atmosphere for those of you who attend the sale in person. You will be treated to the best of hospitality in the relaxing fresh air of the Black Hills in this historic mining town by Cadillac Jacks Gaming Resort.

We will again use DV Auction to preview videos and for online bidding. We encourage you to attend the sale and meet the consignors.

The cattle will remain at the individual ranches, and the consignors will have them available to view anytime. We encourage you to contact them about the offering, and to view the cattle before the sale.

Please don't hesitate to contact us with any questions about the sale. We hope you make plans to join us for the pre-sale social at 5:00 p.m. on Wednesday, October 21, 2026, with the sale beginning at 6:00 p.m.

Thank you for your interest.

SRS Rose 5290

Skinner Ranch

A striking heifer that is extremely long, thick and broody. Her sire, SRS Long Run, is a bull we sold in our 2024 bull sale that we have used heavily back in our program. He sires stout bulls and beautiful females. She is out of a moderate 316 daughter that has an average WWR of 5 @103. This heifer has a lot of performance and had a 205-day ratio of 112. She is bred to SRS Nexus who was a top selling bull in our 2026 sale to GDAR. **Due January 22, 2027 to SRS Nexus.**

SRS Rose 5164

Skinner Ranch

A powerhouse Fair n Square daughter that ratioed 106 at 205 days. Not only does this heifer have an incredible type and kind, but she is loaded with maternal greats in her pedigree. Her service sire is HF Elevation, the \$130,000 bull that we selected with Regency Acres and Big Rok Angus out of Hamilton Farms' 2026 production sale. Elevation has good calving ease numbers while exhibiting incredible muscle shape and presence with perfect feet. **Due February 16, 2027 to HF Elevation.**

HF Elevation 56N

SRS Pride 5222

**Skinner Ranch**

A broody, powerfully designed heifer with a great look to her. She posted a 205-day ratio of 118 off the cow. This moderate made heifer that has an extremely impressive functional longevity EPD will be a great addition to anyone's program. She is bred to BCC Rapport, a high CED bull that has been siring impressive sons and daughters. His dam is a beautifully designed Stellar daughter. **Due January 22, 2027 to BCC Rapport.**

**Skinner Ranch**

A long-sided, fancy heifer that exhibits a high CED while rationing 104 at 205 days. Her dam is a good young cow with an exceptional udder. Patriarch is widely acclaimed for producing great females. She is bred to the \$130,000 HF Elevation. **Due January 22, 2027 to HF Elevation.**

HF Elevation 56N

SRS Joyce 5128

Skinner Ranch

An incredible opportunity to own an ET daughter out of a top donor cow at Skinner Ranch that has produced sires like SRS Long Run and SRS Historic. This beautiful, bred female is excellent in her lines and traces back to many top cows from SRS. Her dam had a classic Angus cow look to her and had a perfect udder and feet at 10 years of age. Her service sire is HF Elevation. **Due January 22, 2027 to HF Elevation.**

**Skinner Ranch**

A powerhouse female that had a 205-day ratio of 115. This heifer is long-sided and big-middled. Her dam is an eye-catching cow that has a great udder. A really productive cow family here. Bred to BCC Rapport. **Due January 22, 2027 to BCC Rapport.**

BCC Rapport

SRS Chloe 6108

Skinner Ranch

An incredible ET heifer that is hard to let go. This heifer is stunning, she is correct in her lines, super nice fronted, with incredible volume and mass. Her dam is a beautiful cow that has the classic Angus cow look to her and a great udder. This heifer has a lot of potential for any breeding program.

Skinner Ranch

Another ET heifer calf that has a bright future. This long, deep-made heifer has incredible performance. Her dam, Donna 6317, was a \$65,000 sale highlight at Coleman's 2023 Fall Dispersion. She was considered by many as being the most phenotypically attractive cow to sell. Her dam also posts excellent ratios: BWR 7@90, WWR 7@105, and YWR 6@104. Don't miss a chance to own an incredible Bedrock daughter from Donna 6317.

Coleman Donna 6317

GMA Justification 03M

Green Mountain Angus & Rooney Angus Ranch

A wonderful young female with excellent EPDs to go along with outstanding phenotype. 03M has an incredibly polished pedigree starting with her dam, the great H823, who is the daughter of the \$50,000 Lady Identity 3113, who in turn was a daughter of the \$120,000 Lady Standard 02. Justification, the sire of this young female is widely known as one of the top phenotypic sires in the industry.

03M has a double-digit CED with a negative BW, top 5% SC, very good HP, tremendous teat and udder scores, top 10% fluid longevity, balanced foot scores, negative PAP, and top 5% \$ M to go along with top 15% \$C.

Due on 2/3/27 to Antczak Pathways with a bull calf.

GMA Great Lady N37

Green Mountain Angus & Rooney Angus Ranch

Another very special bred female. This one is by the \$80,000 Great Lakes. Buy a dam that needs no introduction to the Angus world, the great 7560, who is in turn the dam of the \$100,000 Brumfield Trail Boss. Marda Great Lakes has proven to be one of the top young sires in the industry. People always marvel at his incredible thickness and depth of body, to go along with absolutely stunning feet.

N37 has very good YW, top 5% HP, excellent CEM, top 20% milk, excellent teat and utter scores, controlled mature height, top 3% PAP, and top 15% RE with very good dollar values.

Due on 2/3/27 to Antczak Pathways with a bull calf.

CAV Lady Payweight 5608-7560

GMA Congress N32

Green Mountain Angus & Rooney Angus Ranch

This special sale highlight comes in a moderate frame with super balance. She carries her middle all the way back to the flank. 680, the dam, was widely recognized as one of the top phenotype, genotype females in the industry. She was easily the top donor in the program. Crouch Congress was the \$175,000 high seller at the 2024 Cattleman's Congress in Oklahoma City.

N32 has very good birth to growth spread, top 5% milk, very good fluid longevity, outstanding mature height and mature weight, very good docility, excellent foot scores, top 5% PAP, and top 15% RE with big-time dollar values. Due on 2/3/27 to Antczak Pathways with a bull calf.

GMA Congress N07

Green Mountain Angus & Rooney Angus Ranch

What an opportunity here to buy a Crouch Congress daughter that traces back to the great 680, the top female ever identified in the GMAR program. Crouch Congress was the past \$175,000 high seller at the Cattleman's Congress in Oklahoma City. He has gone on to produce the top selling bulls and females for the past 4 sale seasons, a feat that is truly special. The great 680, N07's dam, has always been the top producer in the herd. She has raised the top selling sons and daughters for the past four years.

N07 has outstanding WW & YW combination, very good SC, excellent HP, top 30% milk, very good fluid longevity, outstanding foot scores, negative PAP, and top 20% MARB with balanced dollar values.

Due on 2/3/27 to Antczak Pathways with a bull calf.

THM Lady Innovation 3189-680

GMA Congress N09

Green Mountain Angus & Rooney Angus Ranch

Another absolutely stunning Congress daughter that's packed full of power and appears to be following in her great mother's footsteps. Crouch Congress is the only Triple Crown winner in the PGS National Show, winning all three events in one year as Grand or Reserve Grand Champion. Congress supplies the kind of phenotype it takes for bull buyers to be overwhelmed. Then when you add 680, her phenotype is absolutely impeccable. This is a mating you can count on.

N09 has top 10% YW, very good scrotal and HP combination, excellent fluid longevity, controlled mature height, top 1% foot scores, top 2% PAP, and top 2% CW with big-time dollar values.

Due on 2/3/27 to Antczak Pathway with a bull calf.

GMA Congress N19

Green Mountain Angus & Rooney Angus Ranch

One of the most exciting females in the offering. She is a rare combination of elite phenotype, breed leading numerical merit, and tremendous genetic potential. She is the kind that commands your attention, powerful and dimensional yet feminine, balanced and exceptionally complete. Sired by Crouch Congress, the \$175,000 high selling bull from the Cattleman's Congress in Oklahoma City. 680, the now deceased top donor in the program was widely known as one of the best phenotypic animals to walk this planet. She could really stamp them.

N19 has excellent birth to growth spread, nice HP, very good CEM, excellent fluid longevity, controlled mature height, excellent foot scores, top 2% PAP, top 4% CW, and top 15% MARB with top 2% \$C.

Due on 3/31/27 to DBA Authority. Calf not sexed.

DBA Authority

GMA Lady Lakes N14

Green Mountain Angus & Rooney Angus Ranch

If you like power, this young Great Lakes female will be exactly what you're looking for. Great Lakes has been the young sire that has dominated many sales in recent times with a daughter selling for \$75,000 in the Gutwein Production Sale just this September. H823, the dam of this young female is one of the true power donors in the country. She traces back to the \$120,000 Lady Standard 02, who is one of the 7 females out of the Lady cow family that have produced over a million dollars in progeny.

N14 has excellent YW, very good HP, excellent CEM, very good fluid longevity, controlled mature height, very good foot scores, top 2% PAP, and top 15% CW with big-time dollar values.

Due on 2/3/27 to GA Alter with a bull calf.

GMAR Authority N404

Green Mountain Angus & Rooney Angus Ranch

Here is one of the most exciting pedigrees in the entire offering. This young Authority female traces back to the Connealy Guinness female that is really starting to shine in the program. This is another female with an outstanding maternal side. She has balance throughout which again gives you an outstanding maternal dominance. This young female takes it one step further with tremendous end product merit.

N404 has an outstanding BW to YW spread, tremendous scrotal and HP combination, very good

teat and udder scores, top 5% fluid longevity, very controlled mature height, top 20% CW, and top 15% MARB to go along with one of the best sets of dollar values in the event.

Due on 3/17/27 to True Value (20622753) with a bull calf.

DBA Authority

GMAR Armstrong N248

Green Mountain Angus & Rooney Angus Ranch

Well, here she is, the top numeric female in the program. When you walk into the pasture, N248 immediately jumps out at you with her outstanding balance and overall power. She is definitely the front pasture kind. This set of EPDs is drawn up perfectly to raise and sell outstanding bull calves from her negative PAP to her top 1% scrotal, she will get the job done. N248 has a double digit CED with a negative BW, outstanding YW, top 1% scrotal, top 10% HP, very good CEM, top 1% teat and udder, very good fluid longevity, negative PAP, very good RE and MARB combination with a top 1% \$M and a top 10% \$ C.

Due on 3/17/27 to True Blood (20772227) with a bull calf.

GMAR Badlands N191

Green Mountain Angus & Rooney Angus Ranch

If you were looking for something that has loads of earning potential, something that is balanced, and something that will work in any program in the industry, look no further than this beautifully designed female by Badlands. This young female has the top foot scores in the entire event, and she is another great animal that has the mature height and mature weight that are perfect for the west.

N191 has very good WW and YW, top 10% HP, top 15% milk, very good teat and udder scores, excellent fluid longevity, controlled mature height, top 10% claw, top 4% angle, excellent PAP, and top 10% RE with big time dollar values.

Due on 3/17/27 to S Armstrong (20143639) with a bull calf.

S Armstrong

GMAR Authority N247

Green Mountain Angus & Rooney Angus Ranch

These are the kind that are always hard to sell. The Authority cattle have been some of the best in the program for the last two years. The daughters of Authority are hard to sell because they bring the functionality and maternal ability to the table that this breed is famous for. This young female has the kind of CED and growth numbers that work perfect for the west.

N247 has a top 4% CED to go along with a top 3% BW, top 35% CEM, top 10% milk, outstanding fluid longevity, negative PAP, and very good MARB with balanced dollar values.

Due on 3/17/27 to True Value (20622753) with a bull calf.

What an opportunity to buy a Prolific daughter that traces back to an outstanding Stellar female. N460 excels for growth and has extra power to burn. Prolific is a young sire that has topped sales across the nation and for good reasons; they are very complete, exceptionally powerful, and have tremendous structure to go along with real maternal greatness.

N460 has top 2% WW along with top 10% YW, top 10% HP, very good teat and udder scores,

controlled mature height, top 10% claw along with top 2% angle, negative PAP, top 10% CW, and outstanding \$M. **Due 3/17/27 to S Armstrong (20143639) with a bull calf.**

Ellingson Prolific

GMAR Congress N148

Green Mountain Angus & Rooney Angus Ranch

Here is a royally bred young female from an outstanding cow family that leads off with Flagstone, the top sire that the program has ever owned. Crouch Congress females are always highly sought after. They have some of the top udders in the land to go along with phenotype that is truly stunning. Congress is the first ever sire to ever produce three Grand or Reserve Grand Champions in the National PGS show. He truly is one of the best phenotypic sires of his generation.

N148 has top 1% WW and top 3% YW, outstanding scrotal and HP combination, top 10% teat and udder scores, top 20% fluid longevity, controlled mature height, top 1% angle along with top 10% claw, negative PAP, top 20% CW, top 1% \$M, and top 20% \$C.

Due on 3/15/27 to True Value (20622753) with a heifer calf.

Green Mountain Angus & Rooney Angus Ranch

What an incredible chance to buy embryos from a dam that is a top 12 among active Angus females at her age or older for \$C at \$343. Basin Rita 5352, who became a Basin Angus donor after producing seven natural calves, could well be the greatest living example of real-world longevity with her first two natural daughters producing nearly \$750,000 in progeny at Basin Angus. Her first natural daughter was Basin Rita 8052 that sold for \$80,000 in the 2023 Basin Elite Lasting Legacy Sale to 4 Sons Angus and Maple Lane Angus. Her second natural daughter, Basin Rita 9150 sold half interest to Branchview Angus in the 2023 sale for \$45,000. What an incredible chance to buy embryos from two outstanding young sires. GA Alter 4113 was the \$130,000 high seller at the 2025 Cattleman's Congress in Oklahoma City. His first calf crop has been sensational. The second set of embryos is by HF Hi-Country 7L, the young sire that was purchased by Sitz Angus, Pine Coulee Angus Ranch, and Grand River Angus Farm.

RCA Rita 7054-517

RCA Cattle

Very interesting young female here with a royally bred pedigree. She has some of the top numerics of the entire offering while at the same time she has some of the top phenotype and genotype combinations in the event. The sire, Ambitious, was the \$538,000 sensation of the 2025 sale season. The dam, 7054, is one of the most powerful females I've ever laid eyes on. She can really throw elite power.

517 has top 1% WW & YW, top 5% HP, excellent teat and udder scores, controlled mature height, top 10% CW, top 10% MARB, top 15% fat, top 10% \$M, and top 4% \$C.

FF Rito Ambitious

RCA Rita 7054-537

RCA Cattle

Here is a young Congress daughter that hits a home run genetically. Take a look at the incredible growth while still having a big time top 2% \$M, which means you really can have it all, outstanding maternal and end product in the same female. Congress daughters have been some of the top selling females for the past four sale seasons. That is a feat that does not happen very often in this world with fast moving genetic base.

537 has top 2% WW and YW, top 3% SC, top 1% HP, very good milk, excellent fluid longevity, very controlled mature height, excellent foot scores, negative PAP, and top 15% CW and MARB to go along with six dollar values in the top 10% of the breed.

Crouch Congress

“PICK OF THE HERD” 2026 Replacement Heifers from Mt. Rushmore Angus Ranch

This is a “never before” offering of the 2026 Mt. Rushmore Angus replacement heifers. The featured sires that back this offering are Sitz Eternity, Connealy Commerce, S Armstrong, BCC Rapport, and MRA West River.

All heifers will be DNA tested and the selection needs to be made by December 20, 2026.

The spring of 2026 production sale was the Mt. Rushmore Angus 60th Anniversary Sale. This set of outstanding replacement heifers are the result of many years of Aling and genetic selection for quality Angus phenotype and performance.

For more information contact:
David Uhrig 605-342-2449

SAV Reserce Daughter

These cows are “the kind” that have shaped our 2026 heifers

KG Justified daughter

S Thrive JAS 5515 daughter

LTRC Idelette 615

Lazy T Reverse C Angus

A young Idelette female that is long-bodied, deep-ribbed, stout, with a strong topline. She has the look of a functional, growth-oriented female. Her sire is a proven performance sire noted for exceptional growth, ribeye, and carcass merit. This heifer is out of a productive daughter of Sterling Pacific 904. 615 combines the performance and carcass strength of her sire with the maternal foundation and cow-family consistency of her dam, making her a complete young female with the phenotype, pedigree, and genetic power to make a lasting impact. 615's disposition would make her a great show prospect for any kid, all while being able to be a productive cow

LTRC Shauna 622

Lazy T Reverse C Angus

622 is a young female that catches your eye at first glance. She maintains the femininity and style expected in a quality Angus female. Her moderate, functional build is complemented by good structural correctness. Her dam, at 9 years old, is still a powerful producer and always brings a good one to weaning. We sold a full sister to 622 on the Black Hills Stock Show Angus Sale to Koops Angus. 622 is the kind of female that combines genuine power with the practicality and balance needed in a productive Angus herd.

Baldrige Isabel J884

Lazy T Reverse C Angus

J884, the \$30,000 Isabel female, is a female that has served as a donor in the Baldrige Angus and Mohnen Angus herds. She is a powerful, easy-fleshing, big-bodied Angus cow backed by one of the most recognizable cow families in the industry. Her dam, E318, is working at ZWT Ranch in TN. Few opportunities are more valuable to an Angus program than the chance to multiply a cow with the pedigree, phenotype, and production ability of Baldrige Isabel J884.

Selling the right to flush, guarantee 8 embryos, and 3 pregnancies. Buyer will receive all embryos in the flush, over the guarantee.

2XL Clova Pride 4113

Lazy T Reverse C Angus

Here is an opportunity to multiply a young female that was the second highest selling female of the Hawkeye Country Angus Sale. She has the kind of genetic and phenotypic merit that can influence a program for generations. 4113 is a powerful, productive daughter of Ellingson Prolific, backed by the proven Clova Pride cow family and the influential 2XL Clova Pride 6230. Her genetic profile complements her phenotype, making her especially intriguing for breeders wanting to generate high-performing bulls and productive, valuable replacement females. 4113 weaned off a 766-pound bull calf this year as a first-calf heifer. She ranks in the top 1% for WW, YW, CW. Top 2% \$C and top 3% for \$W.

Selling the right to flush, guarantee 8 embryos, and 3 pregnancies. Buyer will receive all embryos in the flush, over the guarantee.

An exciting opportunity to add a mating around two valuable genetic pieces. These embryos are sired by the \$800,000 Koupal's Inevitable. He stems from the legendary Blackbird Progress 3015 combined with the legendary Isabel Y69 cow family which stacks 2 of the top cow families in the breed. This mating offers the opportunity to produce a herd bull or foundation female backed by some of the best genetics in the industry. **Selling 5 embryos, with a guarantee of two pregnancies.**
